

**Washington Autism Advisory Council
Membership Meeting
February 8, 2013**

Room 280 in the Dougan building at the:
University of Washington Tacoma
1900 Commerce Street, Box 358432
Tacoma, WA 98402-3100

Meeting Goals:

1. Understanding the implications of the use of seclusion and restraint on persons with Autism in schools and the use of medications to deal with behavior;
2. Awareness of any current legislation that may address the problems arising from the use of seclusion and restraint;
3. Members share information about their activities and organizations; and
4. Consider next steps for the WAAC.
